

# ENTORNO DE TRABAJO

- **Nombre:** Jairo Angulo
- **IDE:** VSCode

## Interfaz

The image shows a screenshot of an IDE with a dark theme. At the top, there's a tab labeled 'main.java 1'. The editor displays the following Java code:

```
1 public class main{
2     public static void main(String[] args) {
3         System.out.println(x:"Hello World");
4     }
5 }
6 }
```

Below the code editor, there's a terminal window. The terminal shows the command used to run the program:

```
angul > /usr/bin/env C:\\Program\\ Files\\Java\\jdk-17\\bin\\java.exe -XX:+ShowCodeDetailsInExceptionMessages -cp C:\\Users\\angul\\AppDat
a\\Roaming\\Code\\User\\workspaceStorage\\cc882676b6cdc1764bfd174b6f7e407f\\redhat.java\\jdt_ws\\trabajo_9f4de597\\bin main
```

The output of the program is 'Hello World'.

At the bottom of the terminal, there's a status bar showing 'trabajo' and '100'.
